

Philosophy

We like wine. We like food. We love their contrasts and how they complement each other.

You are here, which most likely means, you do too.

With this in mind, we have created a list of beverages we think best suits our place.

The French use a term – terroir - which is all the elements combined that go in to making a place unique for grapes to grow.

In Australia, we use the term 'sense of place' to say the same thing.

We want to show you a list of drinks from producers we believe in.

Producers we know.

Producers we love to share.

The story of our beverage list starts with the place it grows.

We want to share the stories and show off their sense of place.

As much as possible, this list is unashamedly Australian. We believe the 'think local' concept should include what you see in your glass as much as what you see on your plate.

Our place exists because of the hard work and determination of an incredible group of people, and so do the wines, beers and spirits we have selected.

Please share a glass or two with us, and let us share these stories with you.

James Russell, Food and Beverage Manager
