

The Long Apron

The Long Apron Beverage Menu

As with our menu, our strong links to French and European vinous history cannot be ignored when constructing our wine list.

You will notice we have a thing for Champagne. This is due to our love of the subtle nuances that each village and producer brings to their wines. Champagne is for celebrating, we encourage celebrations of all types and sizes. This includes “just because”.

The classics are that for a reason. Burgundy is the home of pinot noir, Bordeaux is the home of cabernet, the Rhône is the home of shiraz. A reference point for these classic varieties will always be there as just that, a reference. It doesn't make them better or worse than our home-grown styles, just different.

Australia too, has classics. Our history of grape growing and winemaking goes back to the mid 1800's. There are multi-generational families working the same plots of land their ancestors did, as is the case in Europe.

Our climate is different, our soils are different and that is ok. We will never be Burgundy, Bordeaux or the Rhône. We shouldn't want to be. We should be proud of the wines we produce in this country for that very reason, their difference.

Please remember the new kids on the block are just as relevant to the wine world as the classics. It's akin to listening to classical music one day and rock and roll the next.

Please sit back, relax and choose your style to listen to/drink with us.

Cocktails

Signature

Rum Punch **18**

Our homemade clarified rum punch is macerated for three days using up to fifteen fruits and spices. A wonderful celebration of Queensland's affinity with rum, made to refresh with a semi sweet finish - served short over clear ice.

The Boulevardier **20**

Translated 'A man about town' the boulevardier is an impressive take on the classic. Whisky washed with beurre noisette, infused with capsicum and a splash of Campari - best enjoyed by our fireplace with stories true or false.

Vieux Carré **25**

Named after the 'Old Square' of the Mississippi river. A decadent mix of cognac, Benedictine, Dolin Rouge and a subtle hint of truffle oil. Our ode to the French Quarter with a wonderful twist.

Ruby Slipper **19**

Who said that cocktails were strictly pre dinner? Dark and full of character this after dinner sipper mixes Ruby Port and Brouhaha Milk Stout and infused black tea. Our way of saying goodnight, but definitely not farewell.

Classics

Margarita **18**

Served short over ice - lime wedges smashed with sugar and tequila Blanco served with a salt rim.

What is Coravin?

The Coravin wine preservation system allows us to pour wine from a bottle without removing the cork. Whether you want a sip, a glass, or more, each will always taste just as amazing as your first – even weeks, months, or years later.

How does a Coravin wine preservation system work?

A needle is inserted through the cork or special screw cap closure. We then tip the bottle and it is pressurised with a layer of argon, an inert gas, over the wine and protects it from oxygen. This allows us to ensure that each glass is in premium condition each time we pour. The cork, or screw cap closure will then reseal naturally and continue to protect the wine.

This gives us the ability to show you wines by the glass that we wouldn't normally open. It is the perfect way to explore.

Patrick Piuze Terroir de Fye Chablis 2018 Chablis, Burgundy, France 150ml - 25

Aromas of citrus, green apple and pear overlay wet stone and mineral notes. Tight racy palate with citrus and green apple flavours to the fore. Some light pear is also present over a stony mineral backdrop.
Lean, elegant mouthfeel finishing dry with crisp acidity.

Domaine Overnoy Chardonnay 2015 Cotes du Jura, France 75ml - 14 150ml - 25

One of the confusing and intriguing things about Jura wines is the technique of sous-voile, or "under-the-veil" wine making. The barrels are not entirely filled to begin with and then are not topped up as the wine evaporates and seeps into the wood. A beneficial layer of yeast (the veil) is encouraged, somewhat akin to the flor in sherry. In the hands of a good producer, like Overnoy, sous-voile wines are incredibly complex and nutty with intentional oxidised tones and perfumed fruit.

Château La Nerthe Châteauneuf Du Pape 2015 Rhone Valley, France 75ml - 28 150ml - 50

The dark, deep, inky colour of the wine shows immediately the concentration of the vintage. Nose of blackcurrants, black tea and dried flowers definitely stands out. The mouth is rich, fruity and velvety with an incredibly layered tannin structure. The wine is balanced, pure, really intense and long with incredible ageing potential.

E. Guigal 2013 Brune et Blonde, Côte-Rôtie 75ml - 30 150ml - 55

Spices, red berries and delicate oak aromas. Round soft tannins. Aromas of raspberry, blackberry and vanilla.

Tyrrell's Vat 1 Semillon 2004 Pokolbin, NSW, Australia 75ml - 35 150ml - 70

Iconic Hunter Valley Semillon. Tightly structured palate, considerable length and a breadth of citrus fruit flavours with toasty bottle aged complexity.

Pio Cesare Barbaresco DOCG 2012 Piedmont, Italy

75ml - 40 150ml - 75

Classic style with red fruit jam, violet, spices and vanilla, all wrapped around a firm core of tannins.

In order to preserve the natural characteristics of the wines, they use oak casks that are over 100 years old. All of their white grapes are whole bunch pressed and aged on fine lees for 9 months before racking. The Domaine Schlumberger Les Princes Abbes Pinot Gris is made in true Alsatian style with a hint of residual sugar. Honeyed aromas blend with Golden Delicious apple, quince and ripe pear. The aromas follow through on the palate accompanied by slight bitter spice and underlying earthy notes. Smooth and rich, it also has a medium body with gentle acidity on the finish.

“The only thing truly original in the world of wine is the underlying terroir and I have nothing else interesting to add. Anyone can copy anyone else’s techniques so what else is there to make great wines? I believe the answer is simple: Terroir. I want to work only with the fruit from old vines and even then, only old vines that are planted exclusively within the original boundaries of Chablis. If I respect these things, it will be almost impossible to make bad wine.” – Patrick Piuze, Winemaker

Aqua Chiara Micro-Filtered Sparkling Water Continuous Service 5.5

While a water bottle travels an average of one thousand kilometres from the source to the table of a restaurant, Aqua Chiara is 100% local water. The microfiltration process preserves all the benefits of the mineral salts naturally present in the local water; the ecological footprint balance is very positive thanks to its zero kilometre logic.
