

Welcome to Sebastian

Our menus have been inspired by the Basque region of Spain, where they use local produce influenced by the surrounding mountains, plains and coast.

In Basque the term Txikiteo [chee-kee-tay-o] means to go from place to place having small glasses of wine and food - it's all about fun, gossip, socialising and movement.

We invite you to do the same with us - have fun, move around, enjoy our food and wine... or perhaps a sherry by the fire... let us take care of you.
